Pratapgarh, Uttar Pradesh, India

Education

Chandigarh University

Bachelor of Engineering in Computer Science

August 2023 – June 2027

Dolphin Public School

CGPA: 8.32

June 2022

Intermediate – 77.5%

Dolphin Public School

June 2020

High School – 87.8%

Coursework & Technologies

- Languages: Java, Python, C++
- Frontend: HTML, CSS, JavaScript, React.js
- Coursework: OOPs, Computer Networks, Software Engineering
- Backend: Spring Boot, Django, Flask
- Database: MySQL, SQLite, FAISS
- LangChain, RAG, LLM APIs, Git

Projects

- **RAG-Based Internal Docs/Support Assistant** | *Python, LangChain, FAISS, Flask, LLM API* Jul 2026
 - Built a Retrieval-Augmented Generation (RAG) system enabling natural language question answering over internal documents.
 - Implemented document chunking, embedding generation, and semantic indexing, retrieving relevant context from 50+ documents in under 3 seconds.
 - Developed a Flask web interface for real-time document querying and AI-generated responses.
- **AI-Augmented Expense Tracker** | *Spring Boot, React.js, MySQL, JWT, LLM API* May 2026
 - Developed a full-stack expense tracking application with secure JWT authentication and analytics dashboard.
 - Integrated LLM-based auto-categorization to classify expenses from transaction descriptions, achieving 85% accuracy and cutting manual entry time by 40%.
 - Added natural language query support and AI-powered monthly spending insights.
- **Smart Hospital Management System** | *Django, SQLite, Bootstrap* Mar 2026
 - Developed a full-stack hospital management system enabling real-time patient monitoring.
 - Implemented automated priority scoring using patient vitals (SpO₂, age, and temperature), reducing manual triage effort by 30%.
 - Built a responsive dashboard to visualize patient status, ICU requirements, and bed utilization.

Achievements & Certifications

- Led a team to develop a **Laser-Based Home Security System** utilizing real-time intrusion detection techniques, earning **2nd Position** in the Chandigarh University Project Expo.
- Earned the **Oracle Cloud Infrastructure 2025 Certified Generative AI Professional** certification from Oracle University.
- Successfully completed the **NPTEL Online Certification in Cloud Computing** with a score of **75% (Silver Category)**.
